Greg Flanagan spoke to the Council about the need to change companies that services and maintain the Water Tanks because the current company is not meeting the standards the Water Department expects for this service. He introduced Scott Brown from Tank Pro who proposed a plan that would not be anymore than \$75,000.00 for the contract that with the permission from Council he will finalize and bring back to Council for approval. Tank Pro is a company that has a very good track record, as Greg Flanagan checked with several of their contracted Water Departments, and all were totally satisfied and have been with Tank Pro for years. After discussion among Council members all agreed that Tank Pro could finalize the contract which would be presented to the Council for final approval. Mayor Weatherwax ask that Council give approval to cancel current

contract. Scott Brown said if the Council cancelled contract that if something should happen that the other company didn't cover that his company would. Motion for Tank Pro to proceed to finish contract and bring back to Council for final approval and for Mayor to end current contract: Jason White

2nd: Denise Lovett

Sewer Treatment Plant had an invoice in the amount of \$8,357.54 which is a yearly charge for groundwater sampling for the Lagoon which needed approval.
