The Job Description that was presented to the Council at the previous meeting was the first thing the Mayor ask the Council to address since there were questions at the previous meeting. Several of the Supervisors attended the meeting so Mayor Weatherwax ask the Council to pose questions to them in regards to the Job Descriptions importance and concerns they had. Extensive discussion was had between the Council and Supervisors about the need for this type of Job Description and suggestions were made as to changes that might need to be considered before approving the description by both parties.

The concerns over the City paying for an SRO officer for the schools located in the City was the following item which was discussed among all Council Members and Mayor. Lyndon McWhorter police chief for the City said that they often get calls and have to respond to the schools and usually can be there in 10 minutes or less. It seemed to be consensus of the Council that the City should not be responsible when the schools are County Schools just like the other Schools are rather than City Schools. At this time there is still more information needed for the Council to make an informed decision on this matter.

Renay Saint is in the process of organizing a City Wide Clean-up day on October 6, 2018 and the Council was made aware of this as Cassandra Lee had also ask for maybe a Community Clean-up but didn't realize that Mr. Saint had this already in the works. The City also offers free Landfill Pickup during first weeks of October so this will coincide with those efforts.

Cassandra Lee also ask if maybe some consideration could be given to a 1<sup>st</sup> Friday downtown in the summer or something of that nature. She was informed by those present that currently there are Car Shows, Movies, and Bands that have events at regular scheduled times during the summer and other times also but anything to bring people downtown is always a plus.

Mayor Weatherwax spoke about the bathrooms at the Alexander Park and Cassandra Lee ask that the McKelvey Park not be forgotten in the upgrades as it needs attention also.
