

Work Session Minutes
October 21, 2024
@ 5:00 PM

Present: Mayor Roger Weatherwax
Brent White
Denise Lovett
Jason White
Cassandra Lee
Joyce Jeffreys

First to speak was Fire Chief Brian Phillips – he wanted to inform the Council that at this time the Baby Box that had been approved to be installed at the Fire Department could not be done. The requirements for the baby box state that once a baby is placed in the box it must be gotten out within 5 minutes. Our Fire Station is not capable of meeting those requirements – with only one person on duty at times and the area that is covered by the department it would be impossible to guarantee retrieval to be done in the 5-minute timeframe. Council member Lee thanked Chief Phillips for the information and Council understood the limitations that at this time prevents this from being placed.

Park and Recreation Director Deangelo McDaniel spoke to Council about the previous request for him to be over at the cemetery. He stated that he couldn't do that and his current position that it was just not possible, and he would within a month give them a report with what he has come to understand about the upkeep and challenges of the cemetery. He stated that he would not recommend to the Council what an answer would be but would give information for them to consider in making decisions concerning the cemetery.

There were a few additions to be made to the Job descriptions that were updated previously by Council, and they were asked if they had any questions on those, they had been presented with to add or change. The different supervisors went briefly over the Job descriptions for their departments and answered any questions posed to them about those Job descriptions.

With no further discussion the Work Session ended, and the Council Meeting was called to order and began with pledge and prayer.

Council Meeting
October 21, 2024
Immediately following the Work Session

Present: Mayor Roger Weatherwax
Brent White
