Lashundra Craig was on the agenda for the work session but was not present so the meeting preceded to the next item.

Greg Flanagan Superintendent for the Water Department spoke that the Water Department has an older Mini-ex that would benefit the street department. Greg Flanagan and Street Foreman Daniel Woodard had talked about the benefit of keeping that older mini-ex to use in digging ditches for the street department and other necessary items but would not be used daily. The Water Department would like to also buy a new mini-ex for their department because they use it daily and Thompson Cat has given a quote in the amount of \$71,257.00.

With no other discussion the Mayor stated that the Council Meeting would begin.
